

Implementation status of VIP

VIP L GASPOOL-NCG

The VIP L GASPOOL-NCG will in all likelihood be established by 01.11.2018. Due to the fact that this VIP only involves Open Grid Europe on the NCG-side of the border the implementation of this VIP is relatively easy and the establishment can therefore be managed by 01.11.2018. Also on the GASPOOL-side, due to the lower complexity (provisions for transfer of new "existing contracts" to the VIP by Nowega and GUD) the establishment of the VIP L GASPOOL-NCG pursuant to Article 19 Paragraph 9 of the Regulation (EU) 2017/459 can be managed by 01.11.2018.
