

Capacity details for internal orders placed by immediate downstream network operators

Publication in accordance with Article 11 Item 9 of the Cooperation Agreement between Operators of Gas Supply Networks in Germany (amended version as of 29 March 2018, subsequently referred to as CoA)

Please note:

The information published is based on the information available in line with the current ordering process and the information provided by the respective downstream network operator. If any previously interruptible capacities were converted into permanent or temporary fixed capacities after 15 October, the information published will be updated shortly. Capacity adjustments made during the current ordering year according to Article 15 CoA do not give rise to an update.

We are unable to verify the correctness of the pooled values of estimated shares of protected consumers and performance figures for system-relevant gas power stations provided by the upstream transmission system operator.
